Education:

Government Engineering College ,Vaishali	2022-2026

(Associated with Bihar Engineering University)
B.Tech - Computer Science & Engineering (IOT Specialization)
CGPA: 7.26 (Up to 5th Semester)
Relevant Coursework : DBMS, AI, Cryptography, Computer Network , OS, Internet of Things

College of Commerce ,Arts & Science ,Patna (BSEB)	2020-2022

Intermediate - Science with a specialization in Mathematics
Grade : 76.6 %

Annie Besant International School, Patna (CBSE)	2019-2020

Matriculation
Grade: 86.6 %

Project:

POS System
Developed a functional Point of Sale (POS) system with features like billing, inventory tracking, and customer management.
Integrated **graph-based data visualization** for easy sales and performance analysis
Implemented a user-friendly interface and secure database backend, improving transaction speed and overall system efficiency

Text Emotion Detection
Developed a text emotion detection model to classify user sentiments like happy, sad, anger, and fear.
Implemented NLP preprocessing and machine-learning techniques to improve prediction accuracy.

Experience:

Event Manager ,College Fest
Assisted in organizing and managing the cultural event **"Tarang"**, contributing to smooth event flow and participant handling.
Coordinated logistics and stage activities for **Tarang**, ensuring timely execution of all event segments

Skill :

Programming Language : Python ,C++,C
Database: MySQL
Other : Power BI, MS office, IT essentials, HTML, GitHub
